

NICHBA

THE MODERN-DAY
BLACKSMITH

PRODUCT
GUIDE

INTRODUCING
NICHBA

THE
MODERN-DAY
BLACKSMITH

NICHBA's philosophy is an exercise in simplicity. Creating minimal yet functional products for the everyday. Based on traditional Danish design values and authentic local craftsmanship, NICHBA products are brought to life with passion and values hand in hand.

Rather than focusing on the trends of tomorrow, NICHBA is dedicated to rethinking and simplifying objects of today. Creating an effortless style for people's ever-changing daily rituals.

 Black; Towel Hanger, Toilet
 Paper Holder Black; Toilet
 Paper Holder Extra, Black.

ABOVE
 Bed Frame; Shelve02 Left
 and Right, Black.

MATERIALS + SPECIFICATIONS

POWDER COATING

Our certified powdercoating process ensures a high quality treatment of the steel – All our steel products are powdercoated. The powdercoating works as a protective layer that comes in a variety of colours and makes the products durable in both wet areas and for everyday use.

ALUMINUM

Aluminum 6000 series is a lightweight and very durable material. Ideal for both outside and inside use. The material is a preferred choice when it comes to bigger items or bigger projects where high quality and flexibility in weight modifications is needed to keep the shipping costs low on a large-scale shipment.

STEEL

Mild steel is a strong and convenient material – mild steel works well with our innovative wardrobe solution, which is based on magnetic clothes hangers and hooks.

STAINLESS STEEL

Stainless steel is extremely weatherproof. All products made for wet areas are made of stainless steel with a high quality powder coated surface.
